

Achieving Meaningful Results:

Producing Effective Small Scale Quality Improvement, Evaluation and Research Projects with Limited Resources

TWO FREE WORKSHOPS

➤➤ Flagstaff

Friday, April 13, 2018

10 am—3 pm

McGee Auditorium

At Flagstaff Medical Center

1200 N Beaver St

➤➤ Kingman

Friday, May 4, 2018

10 am—3 pm

Mohave Community College

1971 Jagerson Ave

This free five-hour workshop will provide attendees with skills for designing and improving community programs with an emphasis on achieving meaningful results in health-related settings. Participants will learn a step-by-step process for designing and implementing small scale quality improvement or evaluation projects and will leave with tools that they can apply to their work.

Who should attend?

Professionals working in healthcare, social services, government, and other institutions. Teams are encouraged to participate.

Featured Speakers:
